

Feedback Form and Questionnaire
For Schools/ Teacher/ Organisation/ Referrer
Intervention: Treasure Baskets

How many children accessed our services, under your referral, for your recent intervention?

How did you decide that the Treasure Baskets would be a positive intervention for the children you referred?

Did the children have any specific emotional or behavioural difficulties?

How helpful do you think this intervention has been for the children referred?

Are there any other services working alongside the children referred?

Is there a specific need in the community that you feel this intervention would best support I.e. bereavement, confidence, separation and divorce etc.

Are schools and families struggling to access mental health services in your area? If yes, why?

Thank you for your time in completing our Feedback and Questionnaire Form
Your views will help us frame our work to best meet the need within the community.

Do you feel there is adequate provision for mental health services for children and young people in your area. If yes, please help by explaining access points.
